AN INVITATION TO PARTNER

A Letter From Our Leadership

Help build the foundation for practical learning across Wyoming.

Dear Neighbor and Community Partner,

We invite you to become a Founding Community Partner of Wyoming Path & Purpose Foundation. The foundation was established to help Wyoming residents access practical education and opportunities that support greater independence and stronger community connections.

As a newly established nonprofit, we are developing community-centered learning opportunities and organizing our first workshops. Our plans include independent living skills, financial and digital literacy, employment readiness, housing readiness, and community education. We want these activities to be useful, welcoming, and responsive to the people they are intended to serve.

Support during this first year can help us prepare thoughtfully: identify qualified instructors, secure appropriate spaces, obtain learning materials, and address access needs. Businesses, community organizations, and individuals can help make these early steps possible through financial support, in-kind resources, or a customized partnership.

Becoming a Founding Community Partner gives you a meaningful role at the beginning of this work. It recognizes your decision to invest while programs are being developed, with clear sponsorship terms and acknowledgment preferences agreed together.

Please explore the opportunities in this packet and share what matters to you. We welcome a conversation about how your interests and resources can support practical learning across Wyoming. Thank you for considering a partnership in the foundation's first year.

With appreciation,

Richard Brown Jr, MBA-HCM
